V7 Slim Folio Stand for Apple® iPad2®

All-in-One protection for front and back

The V7 Slim Folio for the Apple® iPad2® is sleek, ultra-thin and versatile for the on-the-go professional who wants to enjoy the iPad2 comfortably with foldable multiple viewing angles and a typing mode that's perfect for e-mail and chatting. There are strategic cutouts to provide full access for the camera lens, ports, and the function buttons. The folio cases offer the iPad2 great protection from dust, scratches, oily finger prints, and gentle impacts. An embedded magnetic closure puts the iPad into sleep/wake mode by simply opening/closing the folio. The folio's durable construction and hard back cover with four reinforced grip corners provide the ultimate protection and makes it easy to hold. This case is a chic front and back solution coming in four colors of black, blue, green and orange, this light weight and low profile folio integrates Apple's idea of a smart cover into All- in-One protection.
